FABRIC CHALLENGE 2018

## GOOD FRIENDS

What is a friend?

The Macquarie Dictionary says "someone on good terms with another person".

My old 1954 Oxford Dictionary says "one joined to another in intimacy and benevolence apart from sexual or family".

I think a friend is someone who will stand by you and support you through good times and bad, be it a member of the family, a pal or pet.

2018 is the Year of the Dog on the Chinese calendar. What better friend could one have than a faithful dog?

The fabric for this year's challenge is titled *GATHERING BY THE CREEK*. One could picture an image of friends meeting by the creek to chat and share experiences.

It is designed by central desert born Australian Janet Nakamarra for M&S Fabrics.

Janet was born in the central desert country northwest of Alice Springs. Her work is represented in galleries throughout Australia and overseas. She is studying law and works as an interpreter to government agencies in the NT.

For more information seek her out on the internet.
